

BRINGING BACK THE HOUSE CALL

DISPATCHHEALTH PROVIDES ON-DEMAND HEALTHCARE IN THE CONVENIENCE OF YOUR HOME.

Avoid unnecessary expenses and trips to the ER. DispatchHealth can treat: pains, sprains, cuts, wounds, high fevers, upper respiratory infections and much more. Our medical teams are equipped with all the tools necessary to provide advanced medical care in the comfort of your home, workplace or location of need.

Our medical team consists of doctors, physician assistants, nurse practitioners and EMTs. We dispatch ER trained PAs or NPs on the ground with support from EMTs and a virtual attending M.D. who is available at all times for phone, and soon, video consults.
